Introduction and Purpose

National Co+op Grocers (NCG) is a business services cooperative for retail food co-ops located throughout the United States. National Co+op Grocers helps unify natural food co-ops in order to optimize operational and marketing resources, strengthen purchasing power, and ultimately offer more value to natural food co-op owners and shoppers everywhere.

The purpose of this document is to introduce NCG vendor partners to the most common logos and marks used by NCG, communicate their proper usage and provide instructions for requesting logos.

Permitted Uses

The logos and marks found in this guide are trademarked or registered by National Co+op Grocers (NCG).

The logos may not be used in any manner that may imply that any policies, goods, services, websites, or publications are sponsored, endorsed, licensed by, or affiliated with NCG. Further, the logos may not be used in a manner that would disparage NCG, food co-ops, or any individual person/group of people.

NCG reserves the right in its sole discretion to terminate or modify permission to display any logo owned by NCG, and may request that any NCG affiliate or third party modify or delete any use of the logo(s) that, in NCG's sole judgment, does not comply with these guidelines, or might otherwise impair NCG's rights in the logo(s).

Requesting Logos

Vendors must request NCG's explicit approval for each instance of use of any NCG logo and final art must be submitted to NCG for approval.
